Kind reference is invited to the opinion of the Financial Secretary in the ME 134-34 (2,13) that the revised rate of 12½% should not be applied to works which have already been sanctioned and for which the Establishment, tool and plant charges have been ordered to be levied at 18%

As the work has already been sanctioned and is in progress, the revised rate is not applicable to this estimate

Rmn 20/11 My 20/11

Further 18% is not charged on the whole estimate as was usually done, but was ordered to be levied only on the work portion of the estimate, leaving out the cost of materials & the cost of acquisition
